

# One search picture. Every sector accounted for.

SEARCH & RESCUE

## OPERATIONAL PRESSURE

Search areas evolve quickly, communications can be imperfect and observations arrive from crews, aircraft, dogs, sensors and the public with uneven location, time and confidence.

## QUANTEON RESPONSE

Quanteon assembles a live, uncertainty-aware search picture, coordinates qualified sensing missions and records tasking, findings and command decisions.

## MISSION PORTFOLIO

Illustrative mission patterns · platform and payload subject to site qualification

### Wide-area aerial search

EO/IR · mapping · beacon receiver

### Rubble and confined-area search

Thermal · audio · visual

### Water-surface search

Thermal · radar · visual

### Crew and sighting reconciliation

Reports · tracks · photos · timestamps
