

Every alarm becomes a governed, auditable mission.

CRITICAL INFRASTRUCTURE SECURITY

OPERATIONAL PRESSURE

Security teams face high alarm volumes, mixed sensor quality, large perimeters and incomplete context when deciding whether to dismiss, investigate, isolate or escalate.

QUANTEON RESPONSE

Quanteon fuses fixed security systems, access events, human reports and mobile verification while preserving who knew what, when and why action was authorised.

MISSION PORTFOLIO

Illustrative mission patterns · platform and payload subject to site qualification

Perimeter alarm verification

EO/IR · spotlight · geolocation

Restricted-area patrol

360° visual · thermal · audio

Access and video reconciliation

CCTV · access events · analytics

Waterside intrusion screening

Radar · thermal · visual

IDEAL CUSTOMER PROFILE

- Chief security / resilience officer
- Security operations
- Facilities, OT and emergency teams

START WITH ONE MISSION

Baseline one recurring perimeter, fence-line or restricted-area verification mission.

ASSURED MISSION BASELINE

10 working days · CHF 25k fixed · no hardware purchase

SCOPE A MISSION
